Questions and Answers

1. 2.1A states “All wiring shall be installed in raceways.” Existing conditions has branch wiring in MC cable where concealed above lay in ceilings. Can this branch wiring be extended in MC cable or does the MC need to be removed and reinstalled in raceways?

Existing MC cable can be extended with more MC cable providing it meets the electrical code. New MC cable shall be in accordance with the project specifications.

2. Electric legend symbol for Data outlets states: “provide 1” conduit from box to accessible ceiling space with pull string, cable, jacks, and faceplates by others.” Information Technology Scope of work states: “Existing CAT 5 cable currently in use shall be removed and replaced with CAT 6 cable. This work includes connections, and miscellaneous material and labor as needed for a fully functioning system. Which note applies?

Any cabling to existing IT devices does not need to be replaced. Only new IT devices or relocated existing devices shall be provided with new cabling. Refer to IT specifications for new cabling requirements.

3. What is the existing fire alarm system?

Simplex.
