

Get On Deck

for the renovations at Oriole Park at Camden Yards

Introducing the Oriole Park at Camden Yards On Deck Program

Before you step up to the plate, join Gilbane and WarrenBuilds on Tuesday, December 10, to learn about the On Deck Program. The program is designed to **inform you about procurement opportunities for the Maryland Stadium Authority's Oriole Park at Camden Yards Renovation Project** and provide direct access to key stakeholders, mentorship opportunities, and matchmaking services to enhance your competitive edge.

Created in partnership with our team's economic inclusion partner, Mayson-Dixon, the On Deck Program has been developed to inform our subcontracting partners and empower minority-owned businesses (MBEs), women-owned businesses (WBEs), and disadvantaged businesses (DBEs) to participate in the multiple GMPs anticipated throughout the project's lifecycle.

During this session, we will:

- › Provide an overview of the On Deck Program
- › Introduce the team and various mentorship and support opportunities
- › Present information about the project, including a general timeline and early-release packages
- › Walk you through the prequalification process.

Please note that all contractors must comply with prevailing wage requirements.

DECEMBER 10

8:30 a.m. - 11 a.m.

Location

**The Warehouse at
Camden Yards***

333 W. Camden St., 6th Floor
Baltimore, MD 21201
