SPECIAL CONSTRUCTION UPDATE

November 5, 2026

Redevelopment of the Pimlico Racing Facility

ACTION NEEDED! Queensberry Avenue Road Closure and Exterior Dust Removal

As part of the final closeout of infrastructure work, crews will complete intersection paving and exterior dust cleaning on **Tuesday, November 10, 2026**. Clark Construction is committed to keeping neighbors informed; please review the critical access and cleaning details below.

Important: All operations are scheduled for one day (weather-dependent). Residential utility services will not be disrupted.

Road Closure & Vehicle Access Alert: The 5100 block of Queensberry Avenue will be closed to thru-traffic on Tuesday, November 10. Because Queensberry Avenue is a one-way street, paving operations at the Belvedere Avenue intersection **will completely block vehicles from exiting. Please relocate your vehicle off the 5100 block before 7:00 AM to prevent disruption.**

Porch & Walkway Dust Removal: To address project dust, crews will blow dust off front porches and walkways and wipe down exterior ledges and railings on Tuesday, November 10**. If you would like this free service performed, please complete the quick authorization form in advance at clrk.cc/Queensberry.**

Crews will also knock on doors day-of to obtain consent before servicing any property. As a precaution, please clear or securely cover any outdoor furniture, cushions, potted plants, or delicate decorations before crews arrive.

Anticipated Activity Schedule

Standard Work Hours

7:00 AM – 7:00 PM, Mon-Sat

Anticipated Start Date

Tues., November 10, 2026

Expected Duration

One workday
