Project Overview:

The Maryland Stadium Authority is leading a comprehensive redevelopment of the Pimlico Race Course to transform it into a year-round, world-class racing and community destination.

In partnership with McKissack & McKissack and THG Companies, Clark Construction is leading construction management services. Design by Ayers Saint Gross, Populous Holdings, and RK&K.

Upcoming Construction Activities

- Preventative pest control measures are ongoing and will continue throughout construction.
- Groundwater dewatering for the new tunnel will continue in February with no impact to domestic water utilities. Adjacent property owners were notified per MDE permitting requirements.
- Utility infrastructure installation and related sitework will continue through Spring.
- Pile driving is expected for February.

Anticipated Outages & Impacts

- Neighbors located directly adjacent to the site may notice some temporary noise and vibrations. We appreciate your patience as we complete this phase of the project safely and efficiently.
