Saturdays: 7am - 7 pm

Project Overview:

The Maryland Stadium Authority is leading a comprehensive redevelopment of the Pimlico Race Course to transform it into a year-round, world-class racing and community destination.

In partnership with McKissack & McKissack and THG Companies, Clark Construction is leading construction management services. Design by Ayers Saint Gross, Populous Holdings, and RK&K.

Upcoming Construction Activities

- Preventative pest control measures are ongoing and will continue throughout construction.
- Groundwater dewatering for the new tunnel will continue with no impact to domestic water utilities. Adjacent property owners were notified per MDE permitting requirements.
- Utility infrastructure installation and related sitework will continue through Spring.
- Pile driving will continue through March.
- Concrete foundation for the backstretch buildings will begin in March.

Anticipated Outages & Impacts

- Neighbors located directly adjacent to the site may notice some temporary noise and vibrations. We appreciate your patience as we complete this phase of the project safely and efficiently.

Teamwork in the Frost: Clark partnered with the City to manage snow removal on-site, ensuring our local streets stay clear and traffic keeps moving.

Redevelopment of the Pimlico Racing Facility

MBE SPOTLIGHT: L&J Processing Facility Corp.

A family-owned, Baltimore-based business, **L&J Processing Facility Corp. (L&J)** is proud to serve as a trusted partner to Clark Construction on the Pimlico project, providing essential waste recycling services. Founded on a legacy of hard work and reliability, L&J has grown into a premier minority business enterprise (MBE) known for more than just excellence in waste management; they are currently on the path to becoming Baltimore’s first facility certified by the Recycling Certification Institute (RCI). Beyond the job site, L&J remains a community leader in workforce development, maintaining a dedicated pipeline that provides life-changing employment opportunities for reentry workers. By investing in people and sustainability, L&J is helping to build both a new Pimlico and a stronger Baltimore. Learn more at LJRFC.com
